### Cleaneze™ Touch Free Soap & Liquid Dispenser Prevents Illness

The Cleaneze™ Touch Free Soap & Liquid Dispenser was designed to provide the convenience to automatically dispense soaps as well as other frequently used liquids such as sanitizers, moisturizers, lotions and sunscreens while preventing illness caused by cross-contamination of soap. The products infrared sensor automatically activates the dispenser when someone's hand reaches under the spout. This innovative automatic dispenser will enable you, your family and guests to clean hands without having to use a dirty, soggy soap bar or a messy liquid-soap bottle.

### How Does the Cleaneze™ Touch Free Soap & Liquid Dispenser Work?

The Cleaneze™ Touch Free Soap & Liquid Dispenser is very user friendly and convenient. An infrared sensor automatically activates the dispenser when someone's hand reaches under the spout to quickly deliver the soap or liquid you filled it with. The no-drip innovation eliminates both waste and messes to keep the counter clean and the energy efficient design makes the batteries last a long time.

## Applications

The Cleaneze™ Touch Free Soap & Liquid Dispenser can be used to dispense conventional as well as waterless liquid soap but is also great for other frequently used liquids such as sanitizers, sunscreens, moisturizers and lotions. Some typical applications for this versatile product includes bathrooms, kitchens, homes, offices, restaurants, nursing homes, patient rooms, medical facilities, dental offices, hospitals, gyms, and hotels.
