- ✚ Works by emitting safe ultrasonic and electromagnetic sound waves that repels pests
- ✚ Electromagnetic and ultrasonic sound waves are inaudible to humans and the "pet friendly" setting won't bother pets such as dogs, cats and birds
- ✚ Eliminates need for noxious poisons, dangerous chemicals & messy traps
- ✚ Environmentally friendly, safe, non-toxic, clean
- ✚ Plugs into any standard wall outlet
- ✚ Includes built in ionic air purifier & night light
- ✚ Ideal for homes, garages, offices, restaurants, nursing homes, hospitals, gyms & hotels

Pesteze™ Evicts Pests Without Chemicals, Traps or Other Noxious Materials!

Pests are truly a constant annoyance in any home or other area. Many people choose to combat unwanted pests with noxious spray repellents and traps which can be hazardous to your health and just plain messy. The Pesteze™ ultrasonic pest repeller was specially designed to solve both problems. Simply plug the compact unit into any standard wall outlet and the clean ultrasonic and electromagnetic waves will silently repel unwanted vermin very effectively without leaving a nasty smell or mess. It's that easy and safe to use! As an added benefit, it can also purify the air while it is repelling pests and has a convenient night light as well!

How Does the Pesteze™ Multifunctional Pest Repeller Work?

Pesteze™ works by emitting safe ultrasonic and electromagnetic sound waves that effectively repel pests but are silent to humans. If you use the special "pet friendly" setting, it won't bother non-rodent pets such as

dogs, cats and birds. The ultrasonic wave's frequency changes constantly so pests can't get used to them or become immune. This has proven to be a very effective "unwelcome mat" for pests!

Applications

The Pesteze™ Multifunctional Pest Repeller repels a wide variety of pests such as mosquitoes, flies, roaches, mice, rats, fleas, crickets, spiders, silverfish, and even moths without the use of harmful and poisonous chemicals. It is ideal for homes, garages, offices, restaurants, nursing homes, dental offices, hospitals, gyms, and hotels and easy to use.

Safe, Environmentally Friendly Solution

Pesteze™ Multifunctional Pest Repeller is one of the best environmentally friendly solutions you will find to control pests in your home and work. This safe product does not use any toxic chemicals and simply works by repelling pests with harmless sound waves and completely eliminates the need for harmful chemicals, poisons, traps or noxious materials conventionally used for pest control. This product will repel pests with no negative impact on the environment or your health.

Specifications

This compact, attractive, energy efficient pest repeller is only 5.8 x 6 x 3.3 inches (14x8.15x8.5 cm) in size. It can be plugged directly into any standard outlet so there are no messy wires. It weighs less than 1 pound and is very effective at repelling pests while purifying the air. Due to minor changes in design or other improvements, the product you buy may sometimes differ slightly from the product described herein.

Model #	Size	Weight	# Units/Carton	Carton Size
GX-02	5.8 x 6 x 3.3 inches	<1 lb.	40	23.1 x 17.7 x 10.8 inches
