- Portable, battery powered device
- Doubles as key chain
- Ideal for traveling, camping, fishing, hiking, boating & other outdoor activities

Pesteze™ Evicts Pests Without Chemicals or Other Noxious Materials!

Pests are truly a constant annoyance when you are outdoors. Many people choose to combat unwanted pests with noxious spray repellents which can be hazardous to your health and just plain messy. The Pesteze™ ultrasonic pest repeller was specially designed to solve both problems. Simply turn the unit on and the clean ultrasonic waves will silently repel unwanted vermin very effectively without leaving a nasty smell or mess. It's that easy and safe to use!

How Does the Pesteze™ Personal Mosquito & Pest Repeller Work?

Pesteze™ works by emitting safe ultrasonic sound waves that effectively repel mosquitoes but are silent to humans. The ultrasonic wave's frequency changes constantly so pests can't get used to them or become immune. This has proven to be a very effective mosquito repellent.

Applications

The Pesteze™ Personal Mosquito & Pest Repeller repels a wide variety of pests such as mosquitoes, flies, fleas, crickets, spiders, silverfish, and even moths without the use of harmful and poisonous chemicals. It is ideal for traveling, camping, fishing, hiking, boating & other outdoor activities.

Safe, Environmentally Friendly Solution

Pesteze™ Personal Mosquito & Pest Repeller is one of the best environmentally friendly solutions you will find to control pests while you are outdoors. This safe product does not use any toxic chemicals and simply works by repelling mosquitoes with harmless ultrasonic sound waves and completely eliminates the need for harmful chemicals, poisons, traps or noxious materials conventionally used for pest control. This product will repel mosquitoes with no negative impact on the environment or your health.

Specifications

This attractive energy efficient pest repeller is compact and convenient to use. It uses four button batteries, is light weight and very effective at repelling pests. Due to minor changes in design or other improvements, the product you buy may sometimes differ slightly from the product described herein.
